Orientation Session

Media Report

Dated: March 24, 2026

Venue: Seminar Hall

Bharat Ratna Sardar Vallabh Bhai Patel Rajkiya Engineering College, Basti organized an Orientation Session hosted by **CSRBOX in collaboration with IBM SkillsBuild** where students dived into the world of AI Agents, learned to build automation workflows and master the trending tools that are currently reshaping the professional landscape. The session was held at the college seminar hall, witnessed enthusiastic participation from students eager to bridge the gap between academic learning and AI exposure. This session was opened to students across all academic year & branches.

The session was conducted under the patronage of Director, Prof. Kuldeep Sahay and Mr. Yashwant Kumar Yadav, In-charge of the T&P cell of BRSVBP REC, Basti. The session was started with the introduction of the speaker, Rishabh Singh, Associate Manager – Social Impact Solutions For IBM SkillsBuild (CSRBOX Foundation).

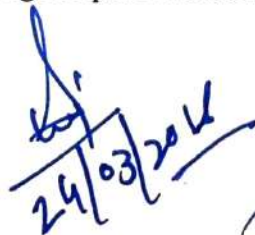

The goal of the session was to demystify industry domain like Artificial Intelligence (AI), Data Science, Cybersecurity, Cloud Computing and Essential Workshop Skills. The speaker also shared the link for the self-registration for the internships program.

He briefed about cybersecurity, social engineering like phishing, shoulder surfing etc. and its threats in daily life. In addition to technical domains, the session placed strong emphasis on essential workplace competencies, such as communication collaboration, critical thinking and adaptability – skills considered vital for success in today's professional environment.

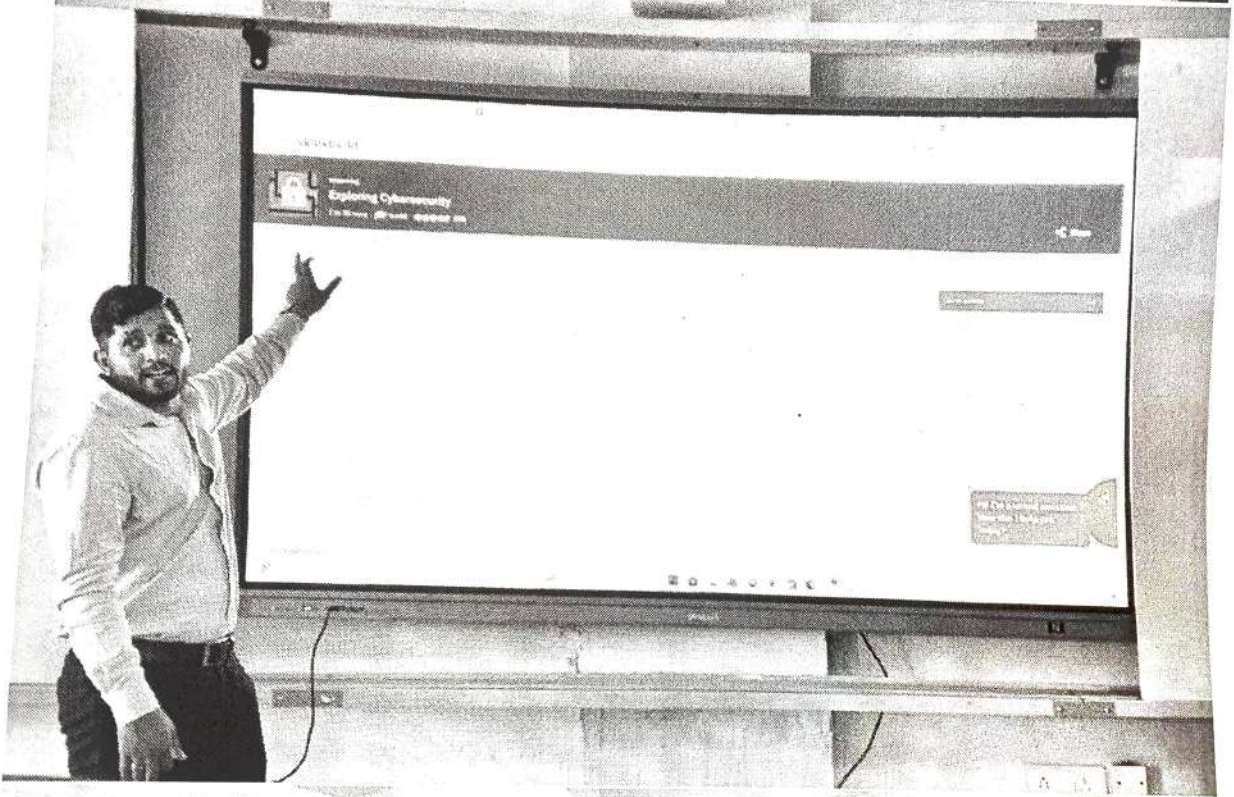

The key highlight of the event was the introduction to the IBM SkillsBuild platform, which offers students access to free courses, certifications, and hands-on learning opportunities. Participants were encouraged to leverage this platform to enhance their technical proficiency and career readiness.

The feedback collection session emerged as one of the most reflective and insightful moments of the session. Students actively shared their feedback, expressing how the session had positively influenced their understanding of digital world.

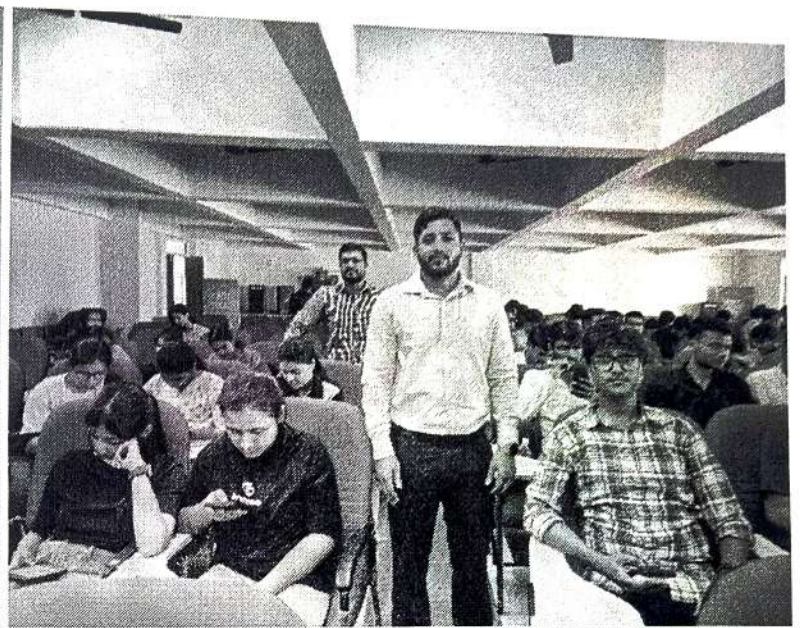

Through this session, BRSVBP REC, Basti concluded on a highly positive and successful note. The session served as a stepping stone in shaping responsible, skilled, and technical learning. It reinforced the institution's commitment to holistic development and highlighted the importance of continuous learning in today's competitive and digital world. Overall, the session served as the significant step towards empowering students with the tools and knowledge required to build a successful career in the technology – driven world.
